

Announcing the Availability of IRIS Mobile

We are excited to announce the general availability of our IRIS Mobile platform to both our IRIS users and employee populations. We have been working over the past months with pilot groups who have helped us test and improve our initial mobile offerings. We would like to thank them for their help along the way. These initial Employee Self-Service-type offerings include access to pay statements, benefits statements, and a mobile approval inbox.

Because IRIS Mobile is built with more modern technology, it is less browser and platform-dependent than IRIS Web. We look forward to expanding the number of services available in IRIS Mobile over the coming months.

Beginning July 1st, we will be rolling out a new mobile version of the University's Outside Interest Disclosure form. This form is required to be completed annually or when one's outside interests change.

Please feel free to share this information with those in your department who are not IRIS users and may not receive these announcements.

Thank you for all you do for IRIS and the University of Tennessee!

Accessing IRIS Mobile

There are two ways to access the IRIS Mobile (aka "Fiori") platform, either via the IRIS Web Portal by clicking on the "Fiori" tab once you have signed in, or by downloading the SAP Fiori mobile application for your smart phone or tablet.

Availability

The mobile solutions mentioned here, including the forthcoming Outside Interest Disclosure form, are available to most all employees, not just those who are IRIS users.

Help

Links to various help content, including documents and videos, can be found on the IRIS Help website [HERE](#).

If you have any questions, please reach out to the IRIS Helpdesk at irishelpdesk@tennessee.edu. We will be happy to assist you.
